

Remote Learning for Year 7

Your child will now be following their curriculum at home. All subjects will upload work onto Google Classroom on a weekly basis. They will also receive a booklet on paper to complete at home. Where students/parents have requested work as hard copies, this will be sent in the post.

Daily timetable

We recommend that students follow their usual timetable when working at home. Teachers will use a variety of methods of feedback, including the use of Whole Class Feedback and online mechanisms such as Google Forms and Century. Over the next 2 weeks, students will have one piece of significant work individually marked by the teacher.

The table below details the topics they will be studying while at home and the work that will be assessed (and how). Please use this to help support your child in their learning, as well as the accompanying guidance documents that will help in using Google Classroom and structuring your child's learning.

Curriculum Content

Subject	Content	Work assessed
English	Reading and writing skills using 'Holes' as a stimulus.	What/How/Why paragraph response.
Maths	Set 1: BODMAS and fractions Set 2: Fractions Set 3: BODMAS, fractions, place value Set 4: Negative numbers and fractions	All work assessed through Century learning and feedback given through Google Classroom.
Science	Earth Structure. Most lessons will have a video telling the students what to do along-side their booklets. Each lesson will be uploaded by the teacher the day of the lesson	Work will be assessed by question banks. Individual feedback on these questions will be given via Google Classroom.

	<ul style="list-style-type: none"> ┆ L1 Structure of the Earth SCo ┆ L2 Igneous Rocks ABw ┆ L3 Sedimentary Rocks MHa ┆ L4 Metamorphic Rocks CRo ┆ L5 Rate of Chemical Erosion DPa ┆ L6 The Rock Cycle MHa <p>We will also give the students Google quizzes and work to do from Oak Academy.</p>
